

Was Your Operation Impacted by the Coronavirus Pandemic? Apply for the Coronavirus Food Assistance Program Today.

By Connie Conway, State Executive Director in California, USDA Farm Service Agency

Farmers and ranchers feed our state, our nation, and in fact, our world. You work long hours to provide essential resources for us all, and in these challenging times, I want you to know that USDA is here to support you and your operation through our Coronavirus Food Assistance Program, or CFAP. Whether you farm one acre or many more, grow food for local markets or big supply chains, CFAP can help. We're accepting applications through August 28 and encouraging producers to apply now.

In California, we have already approved 6,120 applications and disbursed \$356,214,647.58 as of July 31, 2020. I know many of you have applied for CFAP already, but the numbers indicate that some who are eligible have not. If you're still unsure about CFAP and your operation, I encourage you to take five minutes today to visit farmers.gov/cfap or call 877-508-8364 to learn about eligibility and options to apply. Whether you've worked with FSA for years or this will be a first, we're here to help you every step of the way.

CFAP provides direct relief to producers who faced price declines and additional marketing costs due to COVID-19. A range of commodities are eligible for CFAP. You can access the full list of eligible non-specialty, specialty, livestock, dairy, and wool commodities by visiting farmers.gov/cfap.

We know you're busy, so we've outlined options to apply at the top of farmers.gov/cfap. We offer a CFAP Application Portal where those of you with eAuthentication accounts can submit your application online. Don't have an eAuthentication account? You can enroll at farmers.gov/sign-in. We also offer a manual application option, and a CFAP Application Generator and Payment Calculator that allows you to input information specific to your operation to determine estimated payments and populate the application form.

You can apply now for the commodities that are currently eligible, and if any other commodities you produce are added to the program, we will happily amend your application.

If you have questions, please let us know. You can call our CFAP Call Center for one-on-one support with the CFAP application process. Call 877-508-8364 to speak directly with a USDA employee ready to offer personalized assistance. And, as always, the [FSA office at your local USDA Service Center](#) is also there to help you prepare your application.

Farmers and ranchers continue to be the backbone of our nation. I know California's agricultural producers are facing unprecedented challenges with the coronavirus pandemic, and I want to make sure we at USDA are doing all we can to provide critical

support. We thank our farmers and ranchers, and we encourage you to apply for CFAP today.
