

N95 Mask Giveaway Protocol

- **The San Joaquin County Agricultural Commissioner’s Office has a supply of N95 particulate respirators (N95 masks) and surgical style face masks from the California Department of Food and Agriculture. Our office has been distributing these masks, free of charge, to members of the ag industry, which includes growers and pest control businesses.**
- **Distribution of masks is on a first come, first serve basis.**
- **As N95 particulate respirators may be used when handling certain pesticides (always refer to your registered label) our office will only be distributing N95 masks to operations with pesticide handler activities where N95 masks are required.**
- **These masks are NOT for resale.**
- **If you need masks for dust or for COVID-19 protection purposes our office has surgical style masks currently available.**

- **N95 Mask Allocation Protocol:**

-We require the following information:

-Name/Business name

-Phone number

-Permit number (if applicable)

-The amount of masks you qualify for if you have an ag permit, is by how many sites you currently operate:

1-10 sites: 20 masks

10-25 sites: 60 masks

25-50 sites: 100 masks

50 plus sites: 200 masks

-If you have a non-ag permit, or are a PCB, the amount of masks you qualify for is by how many employees you have:

1-5 employees: 20 masks

5-20 employees: 60 masks

20-50 employees: 100 masks

50 plus employees: 200 masks

An appointment will be made for you to pick up masks from the Stockton Office. Call from the Stockton Office parking lot and the masks will be delivered to your vehicle (there is no need to enter the lobby).
