1. Welcome and Introductions

2. Review of previous identified action items (none)

3. General update on Office of Emergency Services Activities
   a. COVID-19 Response Activities
   b. OES Grant activities
   c. Flood Fight Container Storage Status

   Chris Neudeck KSN expressed concern over June deadline. Irene Judd advised this was due to the ending of the grant in January of 2022.

   Chris Neudeck – KSN also expressed concern over the perceived discrepancy of total dollars allotted from county to county. Lowell Allen advised a single amount was allotted by DWR to each county and that was different from county to county. This was not an OES decision but rather based on total dollars divided by the number of LMA’s that signed letters of commitment.
That took us to the issue of OES asking LMA’s to sign a letter to “Opt Out” that would de-obligate them from using that money’s and would possibly allow OES to re-allocate them.

Nate Hershey – MBK requested clarification on the purchase of supplies only and not the container. I advised that they can just get the supplies but per the list that was provided. I forgot to mention that they need to provide a secure location and OES will need to take pictures of the location and they will be subject to the same requirements of usage per a signed MOU.
